Alan Schwarz will present and sign copies of his new, highly acclaimed book, *ADHD Nation*.

A panel discussion with Liz Driscoll Jorgensen, Director of Insight Counseling, and  
Jamison Monroe, Founder and CEO of Newport Academy, will follow.

**November 14, 2016, 7:00–9:00 pm**

**The Darien Community Association (DCA)  
274 Middlesex Rd., Darien, CT 06820**

The newly released *ADHD Nation* is a groundbreaking and definitive account of the widespread misdiagnosis of Attention Deficit Hyperactivity Disorder—and how its unchecked growth over half a century has made ADHD one of the most mishandled and controversial conditions in medicine, with serious effects on children, adults, and society. Schwarz takes readers behind the scenes to show the roots and rise of this cultural and medical phenomenon.
